DIRECTOR'S REPORT TO OUR SHAREHOLDERS

MFS Capital Partners Limited (MFS CAP) is pleased to report its unaudited financial results for the Nine Months ending 31st March 2026. This report should be read in conjunction with the Audited Financial Statements for the year ended 30th June 2025. This report is prepared in accordance with International Financial Reporting Standards (IFRS) which offers shareholders a comprehensive view of the company's financial status.

MFS CAP Group profit before taxes (PBT) year to date for the 3rd Quarter (2025/6-Q3) was **\$38.4M** or \$50.3M less than 2024/5-Q3 of \$88.7M this difference was due to a non-recurring income event of \$50M in prior year as well as the adverse effect of Hurricane Melissa which has impacted our 2nd and 3rd quarters. It should be highlighted that even though there is a decline in profits, the group is doing significantly better year over year when PBT is normalized.

Financial & Operational Performance Highlights

CONSOLIDATED STATEMENT OF COMPREHENSIVE INCOME

Revenues

The group earned revenues (revenues less direct expenses) year to date for 2025/6-Q3 of **\$107.2M** which represents a 12% increase when compared to **\$95.5M** earned in 2024/5-Q3. This growth in revenue indicates effective business development initiatives which thereby positions the group for favorable expansion.

Revenues earned are from the following:

- Net Gains on FX Trading activities - **\$92.9M** [2024/25 Q3-\$79.5M]
- Fees from Remittances - **\$5.3M** [2024/25 Q3-\$5.7M]
- Interest Income & fees from our private credit portfolio - **\$8.9M** [2024/25 Q3-\$10.3M]

Revenue lines are impacted by market supply and demand, opportunities and new business relationships. It should be highlighted that there was an increase of \$1.9M or 87% Quarter over quarter. However, that increase is relatively low when compared to our Q1 results.

This quarter was a strong volume quarter shaped by tighter liquidity conditions, disciplined central bank interventions, shifting demand patterns. It also demonstrated the impact of margin compression in a more competitive and controlled FX market.

UNAUDITED NOTES TO THE FINANCIAL STATEMENTS

9 MONTHS ENDED 31ST MARCH 2026

1. Identification and Principal Activities

MFS CAP, referred to as “the Company,” is a limited liability entity that was established in accordance with the Companies Act of Jamaica on November 24, 2011. It operates as a subsidiary of MFS Acquisition Limited, which is similarly incorporated and headquartered in Jamaica and presently holds 61.25% of the Company’s issued shares. The Company’s registered office and primary place of business are situated at Suite 2, 14 Canberra Crescent, Kingston 6. The Company has been listed on the Junior Market of the Jamaica Stock Exchange (JSE) since May 29, 2012.

The Company’s core business model focuses on investments in entities that are mature in their lifecycle, and have shown a track record for strong performance, as well as companies that have demonstrated the potential for sustained growth and development for the medium or long term.

The Company’s subsidiaries collectively referred to as “the Group,” as at 31 March 2026 had only one subsidiary Monolith Financial Services Limited (Formerly Micro Financing Solutions Limited) that was acquired 29 March 2024. All previously owned subsidiaries were disposed of as at 30 June 2025.

All of the Company’s subsidiaries are incorporated and based in Jamaica.

The group has a 35% shareholding in an associated company Capital Solutions Limited; this arose as a direct result of the 100% acquisition of Monolith Financial Services (a subsidiary, as noted above).

The consolidated financial statements comprise the financial reports of the Company and its subsidiaries. These financial statements are presented in Jamaican dollars, which serves as the functional currency.

2. Basis of Preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS), and their interpretations adopted by the International Accounting Standards Board and have been prepared under the historical cost convention, as modified by the valuation of certain items. They are also prepared in accordance with the provisions of the Jamaican Companies Act. The financial statements comprise the statement of comprehensive income, the statement of financial position, the statement of changes in equity, the statement of cash flows and the notes.

MFS CAPITAL PARTNERS LIMITED

UNAUDITED NOTES TO THE FINANCIAL STATEMENTS

9 MONTHS ENDED 31ST MARCH 2026

The interim financial report does not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the audited financial statements for the year concluding on 30 June 2025. The accounting policies adopted are consistency with those followed in the preparation of the financial statements for year ended 30 June 2025.

3. Material Accounting Policies

These accounting policies have been consistently utilised for all the years presented. In cases where it was required, comparative figures from previous years have been adjusted and reorganised to align with the current year's presentation.

a. Basis of Consolidation

The consolidated financial statements comprise the financial statements of both the Company and its subsidiaries as at June 30, 2025. A subsidiary is an entity controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee, if and only if, the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Where necessary, adjustments are made to the financial statements of the subsidiaries to bring its accounting policy in line with the Group's accounting policy. All intra-Group assets and liabilities, equity, income, expenses and cash flows relating to transactions between the members of the Group are eliminated in full on consolidation.

b. Property, Plant and Equipment

Owned assets: Property, plant and equipment items are reported at their initial cost or deemed cost, reduced by the cumulative depreciation and any impairment losses. The cost comprises expenses that are directly linked to the acquisition of these assets. For self-constructed assets, the cost includes the expenses for materials, direct labour, and related costs necessary to put the asset into operational use. Depreciation is recorded as the cost minus the cumulative depreciation and any impairment losses (as detailed below).

Depreciation is computed using a straight-line method, with rates designed to amortise the carrying values of assets over their expected useful life. The annual depreciation rates are as follows:

Computer Equipment	25%
Furniture and Fixtures	10%
Leasehold Improvements	10%
Motor Vehicles	20%
Office Equipment	10%

Gains and losses from asset disposals are determined by comparing the proceeds with the carrying amount and are reported in the statement of comprehensive income. Expenses related to repairs and maintenance are recognised in the statement of comprehensive income in the financial period in which they were incurred.

c. Related Parties

A party is considered related to the Group if any of the following conditions exist:

- i. The party, either directly or indirectly, through intermediaries, has control over the Company, is controlled by the Company, or shares common control with the Company. This includes parents, subsidiaries, and fellow subsidiaries. It also applies if the party has an interest in the entity that provides it with significant influence over the Group or has joint control over the Group.
- ii. The party is an associate of the Company.
- iii. The party is a joint venture in which the Company is a participant.

MFS CAPITAL PARTNERS LIMITED

UNAUDITED NOTES TO THE FINANCIAL STATEMENTS

9 MONTHS ENDED 31ST MARCH 2026

- iv. The party is a key management personnel member of the Company or its parent.
- v. The party is a close family member of any individual mentioned in (i) or (iv).
- vi. The party is an entity that is controlled, jointly controlled, or significantly influenced by any individual mentioned in (i) or (v), or for which significant voting power in such an entity is held directly or indirectly.
- vii. The party is a post-employment benefit plan designed for the benefit of employees of the Company or any related party of the Company.

A related party transaction encompasses the exchange of resources, services, or obligations between related parties, regardless of whether a price is involved.

d. Foreign Currencies

Foreign currency transactions are recorded at the prevailing exchange rate at the time of the transactions. Monetary assets and liabilities denominated in foreign currencies are converted into Jamaican dollars using the exchange rate as of the statement of financial position date. This rate corresponds to the weighted average buying and selling rates of the Bank of Jamaica at that specific date. Any gains or losses stemming from currency exchange rate fluctuations are presented in the statement of comprehensive income.

e. Revenue Recognition

Revenue comprises the fair value of the consideration received or receivable of goods and customer acceptance or performance of service. Revenue is shown net of General Consumption Tax, returns, rebates and discounts. Revenue is recognized as follows:

- i) **Sales of goods:** Sales of goods are recognized upon the delivery of goods and acceptance or performance of services.
- ii) **Interest income:** Interest income is recognized in the statement of comprehensive income for all interest-bearing instruments on an accrual basis using the effective yield method based on the actual purchase price.

MFS CAPITAL PARTNERS LIMITED

UNAUDITED NOTES TO THE FINANCIAL STATEMENTS

9 MONTHS ENDED 31ST MARCH 2026

f. Taxation

The tax impact on the year's profit or loss includes both current and deferred taxes. Current and deferred taxes are reported as income tax expense or benefit in the statement of comprehensive income. However, if they pertain to items recorded in shareholders' equity, they are also reflected in shareholders' equity.

- **Current taxation:** Current tax is the expected taxation payable on the taxable income for the year, using tax rates enacted at the statement of financial position date, and any adjustment to tax payable and tax losses in respect of previous years.
- **Deferred income taxes:** these are recognised for temporary differences between the carrying amounts of assets and liabilities and their values as measured for tax purposes, which will result in taxable amounts in future periods. Deferred tax assets are recognised for temporary differences that will result in deductible amounts in future periods, but only to the extent that sufficient taxable profits will likely be available to offset these differences. Deferred tax assets and liabilities are measured using the tax rates expected to apply in the period when the asset will be realised or the liability will be settled, based on enacted rates. Current and deferred tax assets and liabilities can be offset when a legal right of offset exists.

4. Critical Accounting Estimates and Judgement in Applying Accounting Policies

In applying the Company's accounting policies, management is required to exercise judgment, make estimates, and formulate assumptions about the carrying amounts of assets and liabilities that are not readily evident from other sources. These estimates and associated assumptions rely on historical experience and other factors deemed relevant, but actual results may vary from these estimates. These estimates and underlying assumptions undergo ongoing review, and any revisions to accounting estimates are recognised in the period in which the estimate is revised, affecting either that period or both the current and future periods.

MFS CAPITAL PARTNERS LIMITED

UNAUDITED NOTES TO THE FINANCIAL STATEMENTS

9 MONTHS ENDED 31ST MARCH 2026

Critical judgments in the application of the Company's accounting policies:

Management believes that no significant judgments were made during the application of the Company's accounting policies that would materially impact the amounts disclosed in the financial statements. Additionally, management holds the view that no critical assumptions regarding the future pose a significant risk of necessitating substantial adjustments to the carrying amounts of assets and liabilities in the upcoming financial year.
